SIR,

Change of Nomenclature of the estimate for effecting
certain improvements to the Kempambudhi Tank in Bangalore
City and the source for meeting its cost

Adverting to Government Order No L 6270-3/M1 120-42-241

dated 22nd December 1943 sanctioning an estimate for Rs 39,500/- for effecting certain improvements to the Kempambudhi Tank in Bangalore City, the entire cost being met by the Bangalore City Municipal Council, I have the honour to state that the name of the estimate sanctioned is 'The estimate of the probable cost of disposal of sewage of Guttahalli and Chamarajpet partly by gravity and partly by pumping without reducing the present full tank level of Kempambudhi Tank', but the name mentioned in the Government Order noted above is 'For effecting certain improvements to the Kempambudhi Tank for Bangalore City'. The estimate is herewith enclosed for the information of the Government. As the name as actually mentioned in the estimate has to be maintained in all relative records, the necessary change has to be effected.

As regards the cost of the estimate, the Special Officer intimates that there is a provision of Rs 1,77,971/- for laying street sewers in undeveloped areas in the comprehensive scheme for the underground drainage in Bangalore City. Gavipuram, Guttahalli and the area between Aralepet road and Agrahar tank (Binny Mill tank) were taken to be undeveloped areas and the lumpsum provision was made to drain this area. Therefore the cost of the above work should be met from this provision and the same should be debited to the Municipal contribution for the comprehensive scheme. The Special Officer requests approval to debit the cost of the above work either to the Municipal contributions of the current

year or to Government Grants and requests for revised orders of Government in the matter

I therefore request you to be so good as to obtain and convey sanction of Government to the following

- 1 Change in the nomenclature of the estimate to 'The estimate of the probable cost of disposal of sewage of Guttahalli and Chamarajpet partly by gravity and partly by pumping without reducing the present full tank level of Kempambudhi tank', in modification of the name sanctioned in the Government Order dated 22nd December 1943

To debit the cost of the work to the provision of Rs 1,77,971/- for laying street sewers in underdeveloped areas in the comprehensive scheme for the underground drainage in Bangalore City in modification of the source for meeting the cost sanctioned in the Government Order of 22nd December 1943

I have the honour to be,

Sir,

Your most obedient servant,

T. B. Hanumanth

Dated 8th April 1944

Dear Mr Marayana Swamy Naidu,

6337

With reference to your D O letter No L10448/M1 dated 6-4-1944, enquiring if any provision had been specifically made in the sanctioned budget of this Municipality for the current year, to meet the cost of effecting improvements to the Kempambudi Tank I write to state that no provision in this behalf has been made in the current year's budget. At the City Improvement Committee meeting held on 7-7-1943, the Special Officer, City Drainage Division, suggested that this expenditure could be met out of the large savings in the sanctioned estimate for Rs 41 lakhs, for the comprehensive drainage scheme in the Bangalore City. Then the City Improvement Committee have approved of the scheme for Rs 39,500/- The opinion of the City Improvement Committee has been approved by the Council on 23-7-1943. Copies of the resolutions of the meetings of the said City Improvement Committee and Municipal Council, have been forwarded with this office letter No C2-1065/42 dated 13-8-43. This expenditure may therefore be met out of the savings in the estimate for Rs 41 lakhs sanctioned for the comprehensive drainage scheme.

Yours sincerely,

Naraswamy Naidu, Esq.,
